DR. FRASK'S MAGNETIC CINTMENT. MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three bes-of the Magnetic Ointment, had his hair entirety re-

A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and the bestell of the best motion advice that a foring and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was enactiated almost to a skeleton. By the use of a few bottles of the Outment he was thoroughly cared, and for seven mouths past has enjoyed robust health.

This was an extreme case of inflammation of the spleen,

This was four months ago and the lady (a Mrs. Dunham,) is still it good health, and able to attend to her usual nousehold duties. I have treated two cases of Chronic Nove Eyes with the Ointment, both of the patients so narrly blind, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been order the State, without beneat, and one of them and onen under the treatment of the celebrated Dr. Muzzy, of Cincinnett, for eighteen months, and had expended bradreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Outment in a number of cases of Piles, and in no case havit failed of giving immediate relief and generally a permanent curs. I have also used it beselvefully in severe mass of Kry-

curs. I have also used it baselicially in severe cases of Krysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magastic Obatment alone!

From a thorough trial of the Oniment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever of fered to the public.
